AmeriHealth Rx plans use a formulary — a list of drugs the plan covers.

Formularies are based on federal guidelines — which means safe and effective drugs will always be available, including generic and brand-name drugs. There may be different cost-sharing depending on the particular drug. The plan has negotiated special prices with drug companies, which means discount prices apply to most drugs in the formulary. Please see the enclosed Drug Formulary Guide for more details.

*You must continue to pay your Medicare Part A and/or Part B premium if not otherwise paid for under Medicaid or by another third party, even if the Part D premium is \$0.

Answers to questions you may have

Q. Can I enroll in *AmeriHealth Rx* if I don't have a Medicare supplement plan?

A. Yes. If you are enrolled in Medicare's traditional Fee-For-Service program, you can enroll in *AmeriHealth Rx* for your Medicare Part D prescription drug coverage. Keep in mind that *AmeriHealth Rx* provides prescription drug coverage only.

Q. I take several prescription medicines right now. Can I find out if *AmeriHealth Rx* covers them?

A. Absolutely. A formulary is included in this package. You can also go to our website: www.amerihealth65.com.

Q. Is mail order available?

A. Yes, a mail-order pharmacy is available for up to a 90-day supply.

Q. I'm in a Medicare HMO but took the medical-only option. Can I join *AmeriHealth Rx* for Medicare Part D prescription drug coverage?

A. You cannot. If you are enrolled in a Medicare Advantage plan (your HMO is one), you must get your Medicare Part D prescription drug coverage through that plan. If you sign up for *AmeriHealth Rx*, you will be disenrolled from your current plan and you may lose your doctor and hospital coverage. You may also have to pay a late-enrollment penalty if you were eligible for Medicare Part D prescription drug benefits but delayed enrollment.

Q. How do I know if I am eligible for extra help from Medicare?

- A.** Medicare gives extra help with drug plan costs to people with limited incomes and resources. You will have to meet both an income and an asset test to receive assistance. There are three categories for assistance, and what you get may vary by category:
- Individuals with yearly income below \$10,210 and married couples with yearly income below \$13,690.
 - Individuals with yearly income below \$13,783 and assets less than \$7,620 (not counting house and car) and married couples with yearly income below \$18,481 and assets less than \$12,190 (not counting house and car).
 - Individuals with yearly income below \$15,315 and assets less than \$11,710 (not counting house and car) and married couples with yearly income below \$20,535 and assets less than \$23,410 (not counting house and car).

If you think you meet the requirements and you have not already been notified by the Centers for Medicare & Medicaid Services or the Social Security Administration, contact your local Social Security Administration or Medicaid office. They can help you apply and submit your application. If you have Medicare and full Medicaid, you will be assigned to a Medicare Part D prescription drug plan. If you are assigned to a different plan, you can switch to *AmeriHealth Rx*.

If you are currently in a Medicare Advantage plan — with or without Medicare Part D prescription drug coverage — and sign up for *AmeriHealth Rx*, you may lose your doctor and hospital coverage.

AmeriHealth Rx is not a drug discount card. It is an insurance plan that offers savings on your existing and future covered medications. When you join *AmeriHealth Rx*, you get Medicare Part D prescription drug coverage.

There are limits to when and how often you can change the way you get your Medicare prescription drug coverage, and what choices you can make. You can change plans from *November 15, 2007* through *December 31, 2007*, and coverage in your new plan will begin on January 1, 2008. This time period includes switching to another plan we offer or to a plan offered by a different organization. You can't make any other changes during the year unless you meet special exceptions, such as if you move or if you have both Medicare and Medicaid coverage. For more information about enrollment periods, please contact us at the number below.

Don't let an unanswered question keep you from enrolling in *AmeriHealth Rx* today.

AmeriHealth Rx is a Medicare Part D prescription drug plan, contracted with the Centers for Medicare & Medicaid Services. To join *AmeriHealth Rx* you must be entitled to Medicare Part A or enrolled in Part B. You must continue to pay your Medicare Part A and/or Part B premium if not otherwise paid for under Medicaid or by another third party, even if the Part D premium is \$0. You must live in the *AmeriHealth Rx* service area. If you are enrolled in a Medicare Advantage plan, you may not join *AmeriHealth Rx* unless you are a member of a Private Fee-For-Service MA Plan (PFFS) that does not provide Medicare Part D prescription drug coverage, a Medicare Savings Account MA Plan (MSA), or a 1876 Cost Plan.

Benefits, premiums, and cost-sharing may change on January 1, 2009. Limitations may apply.

If you have qualified for additional assistance for Medicare Part D Prescription Drug Plan costs, the amount of your premium and cost at the pharmacy will be less. Once you have enrolled in *AmeriHealth Rx*, Medicare will tell us how much assistance you are receiving, and we will send you information on the amount you will pay. If you are not receiving additional assistance (which is based on income and resources) and want to see if you qualify, call 1-800-MEDICARE (1-800-633-4227). TTY/TDD users should call 1-877-486-2048. You can call 24 hours a day, 7 days a week. You can also contact your state Medicaid office, or the Social Security Administration at 1-800-772-1213 (TTY/TDD: 1-800-325-0778) between 7:00 a.m. and 7:00 p.m., Monday through Friday.

You must use network pharmacies to access Medicare Part D prescription drug benefits, except under non-routine circumstances when you cannot reasonably use network pharmacies. If you use pharmacies outside the network, you may be required to pay the full cost of the drug and *AmeriHealth Rx* will reimburse you less the applicable cost-share.
