For coverage determination for Remicade additional information is needed to proceed with review. Prior to receiving approval for Remicade therapy, the patient must have a documented medical reason to be unable to take therapeutic alternatives (see the table below of therapeutic alternatives). Please identify the therapies attempted and document the dose, start date, end date and reasons for discontinuation (e.g. intolerance, hypersensitivity, other medical reasons, etc.). If Remicade is ordered for non-fistulizing Crohn disease, document in the Comments section the medical reason for not using oral conventional therapy for managing the patient's non-fistulizing Crohn disease
