

835 Health Care Remittance Advice

Disclaimer

This AmeriHealth (hereinafter referred to as "AH ") Companion Guide to the EDI Transactions (the "Companion Guide") provides AH 's trading partners with guidelines for submitting electronic batch transactions. Because the HIPAA ASC X12N Implementation Guides require transmitters and receivers to make certain determinations/elections (*e.g.*, whether, or to what extent, situational data elements apply), this Companion Guide documents those determinations, elections, assumptions, or data issues that are permitted to be specific AH 's business processes when implementing the HIPAA ASC X12N 4010A Implementation Guides.

This Companion Guide does not replace the HIPAA ASC X12N Implementation Guides, nor does it attempt to amend any of the requirements of the Implementation Guides, or impose any additional obligations on trading partners of AH that are not permitted to be imposed by the HIPAA Standards for Electronic Transactions. This document provides information on Health Plan specific codes and situations that are within the parameters of the HIPAA Administrative Simplification rules. Readers of this Companion Guide should be acquainted with the HIPAA Implementation Guides, their structure, and content.

This Companion Guide provides supplemental information to the Trading Partner Agreement that exists between AH and its trading partners. Trading partners should refer to the Trading Partner Agreement for guidelines pertaining to AH 's legal conditions surrounding the implementation of the EDI transactions and code sets. However, trading partners should refer to this Companion Guide for information on AH 's business rules or technical requirements regarding the implementation of HIPAA-compliant EDI transactions and code sets.

Nothing contained in this Companion Guide is intended to amend, revoke, contradict, or otherwise alter the terms and conditions of the Trading Partner Agreement. If there is an inconsistency between the terms of this Companion Guide and the terms of the Trading Partner Agreement, the terms of the Trading Partner Agreement will govern.

Overview of Document

This Companion Guide is to be used as a supplement to the 835 Health Care Remittance Advice Implementation Guide, version 4010A1, issued October 2002. As such, this Companion Guide must be referred to when transmitting the 835 Health Care Remittance Advice transaction ("835") to AH.

The purpose of this Companion Guide is to outline AH processes for handling the 835 and to delineate specific data requirements for the receipt of the AH 835.

The Companion Guide was developed to guide organizations through the implementation process so that the resulting transaction will meet the following business objectives: [TOP](#)

- **Convey all required business information required by AH to process transactions.**
- **Interpret information in the same way:** The definition of the transaction will be specific so that trading partners can correctly interpret, from a business perspective, the information that is received from each other.
- **Simplify the communication:** The transaction will be standard to simplify communication between trading partners and to follow the requirements of HIPAA.

National Provider Identifier (NPI)

AmeriHealth will require the submission of National Provider Identification Number (NPI) for all electronic transactions submitted May 23rd 2007 or thereafter.

If you have obtained your NPI(s) and submitted them to us, you may begin to report them **in addition to your current provider identification numbers**.

General Instructions

The 835 is utilized to send an electronic Explanation of Benefits (EOB) remittance advice from a health care payer to a health care provider. Health care providers that receive the 835 include but are not limited to hospitals, nursing homes, laboratories, physicians, dentists, and allied professional groups. [TOP](#)
