Memo No. H01-07

TO: AmeriHealth Participating Hospitals in New Jersey

FROM: Michael S. Zollenberg 
Director, Hospital and Ancillary Services

DATE: March 30, 2007

SUBJECT: SECOND QUARTER 2007 CORRELATION UPDATE

For the second quarter of 2007, we are adding one code to the laboratory correlation edits:

S3618 – Blood chemistry for free beta human chorionic gonadotropin (hcg)

Please see the attached correlation matrix for full details. This addition is effective May 1, 2007.

If you have questions please contact your network coordinator.

As always, please share this information with all appropriate staff members.

Thank you.

We encourage you to share this information with appropriate members of your staff.

Correlation Edits for Outpatient Claims

As of 05/01/2007

The inclusion of a code as a correlation edit is not a guarantee of coverage, benefits or payment.
