

# CMS-1500 claims submission toolkit

05/2017

Inside this toolkit you will find tips for submitting electronic and paper claims for professional providers. This toolkit also contains loop and data elements, information on electronic and paper claims submissions, key fields, resources for finding additional information, and a sample CMS-1500 claim form.

For proper claims processing, you must submit your registered National Provider Identifier (NPI).

## Electronic professional claims submission

The AmeriHealth systems accept 837P (professional) version 5010A1 electronic claims with an NPI. AmeriHealth will reject any electronic claim that does not have an NPI as the provider's primary identifier or if the affiliation to your Trading Partner on the Business Center is not completed. If you do not currently have an NPI registered with AmeriHealth, go to [www.amerhealth.com/npi](http://www.amerhealth.com/npi) for more information.

The professional loop and data elements information below will assist you in entering your NPI and when submitting electronic claims.

## Paper professional claims submission

Since April 1, 2014, AmeriHealth only receives and processes paper claims submitted on the CMS-1500 (02/12) claim form. Any paper claims submitted using the old version of the form (08/05) will be rejected. A sample of the CMS-1500 (02/12) claim form is provided on page 4 for your reference.

You may continue to report current provider identification numbers in the appropriate shaded areas of the form (17a, 24J, 32b, and 33b) until otherwise notified.

### *Tips for proper paper claims submission*

- Tax ID number is required.
- The following identifiers are not valid in the NPI fields: tax ID number, Social Security number, corporate ID number.
- The NPI is a unique 10-digit identification number. There are no dashes in the NPI. There is no prefix with the NPI.
- The NPI for a physician may not be used as a billing NPI unless the physician is an individual/sole proprietor.
- PIN and GROUP numbers have been eliminated from the CMS-1500 claim form.
- Box 19 requires a ZZ prefix with the Taxonomy Code.
- Box 24G requires a unit of at least "1."

## Readability requirements

To ensure that all claims are processed against the same requirements, paper claims are converted to an electronic format. However, system limitations can cause data elements to be misinterpreted during the conversion process.

Follow these guidelines to ensure your claims are successfully converted:

Do	Don't
<ul style="list-style-type: none"> <li>• Use red drop on HCFA paper forms only.</li> <li>• Replacement/corrected claims require an indicator “7” and claim number in the Original Ref. No. (box 22).</li> <li>• Enter all required data.</li> <li>• All patient details are required (ID number with prefix, last name, first name, and date of birth).</li> <li>• Separate the subscriber/patient last name and first name with a comma.</li> <li>• Enter all provider details for Group (box 33 – name, address, ZIP, phone number, and taxonomy).</li> <li>• Enter NPI for Practitioner (box 24J).</li> <li>• Ensure the use of proper coding (ICD-10 HIPAA codes, dates of service, and correcting a prior claim).</li> <li>• Use standard fonts and sizes.</li> </ul>	<ul style="list-style-type: none"> <li>• Do not include handwriting anywhere on the claim form.</li> <li>• Do not use stamped data in any field (NPI, provider names, signatures, corrections, etc.).</li> <li>• Do not print claim data out of the designated field; it may not be captured.</li> <li>• Do not print from an older DOT matrix printer; it may not be captured.</li> </ul>
