**What you need to know**
- Specialty drugs tend to be more expensive, so these drugs may require higher member out-of-pocket costs.
- Members should check their medical benefits for specialty drug cost-sharing amounts.
All drugs that can be classified under this header require cost-sharing. This includes any unlisted brand or generic names, as well as new drugs that are approved by the U.S. Food and Drug Administration (FDA) in that class during the course of the benefit year.

Choosing one of these preferred brands does not affect the member’s cost-sharing amount for the drug.

Cost-sharing applies to all FDA-approved biosimilars to Remicade (infliximab).

Pending approval from the FDA.
