Questions about cost-sharing amounts?

**Call 1-800-275-2583.**

<sup>1</sup> All drugs that can be classified under this header require cost-sharing. This includes any unlisted brand or generic names, as well as new drugs that are approved by the FDA for that indication during the course of the benefit year.

<sup>2</sup> Choosing one of these preferred brands does not affect the member's cost-sharing amount for the drug.

<sup>3</sup> Cost-sharing applies to all FDA-approved biosimilars to Remicade (infliximab).
