Network providers

“Provider” is the general term we use for doctors, hospitals, and other health care professionals and facilities that are licensed or certified by Medicare and by the state to provide health care services. We call them “network providers” when they accept our payment as payment in full, and in some cases to coordinate and provide covered services to members of our plan.

Evidence of Coverage (EOC)

This document, along with your enrollment form and any other attachments, riders, or other optional coverage selected, explains your coverage, what we must do, your rights, and what you have to do as a member of our plan.

Primary Care Provider (PCP)

Your primary care provider is the doctor you see first for most health problems. He or she also may talk with other doctors and health care providers about your care.

Covered services

The general term we use to mean all of the health care services and supplies that are covered by our plan.

Referral

A written or electronic order provided by your primary care provider that approves you to see a plan specialist or to obtain additional services. Referrals are not required for your plan.

Section 1 – Introduction

This directory provides a list of AmeriHealth Medicare PPO’s network providers and pharmacies. To get detailed information about your health care coverage, please see your *Evidence of Coverage (EOC)*. The network providers listed in this directory have agreed to provide your health care services. You do not need a referral from a physician for specialty care covered services.

How should you use this directory?

You should use this directory to locate a physician, pharmacy, hospital, or other health care provider in the AmeriHealth Medicare PPO network.

In some cases, you may get covered services from out-of-network providers at in-network cost-sharing. Out-of-network providers are under no obligation to treat AmeriHealth Medicare PPO enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service.

Please call our Member Help Team at **1-866-569-5190**; TTY/TDD users should call **711**. You may also refer to your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

Our plan will cover services from either in-network or out-of-network providers, if the services are covered benefits and medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher.

How do you get care from a non-contracted provider?

If a non-contracted provider submits a bill directly to you and asks you to pay for covered services you received from the non-contracted provider, you should not pay the bill. Instead, please submit the bill to AmeriHealth Medicare PPO for processing and determining your liability, if any.

It is best to ask a non-contracted provider to bill AmeriHealth Medicare PPO first, but if you already paid for the covered services, we will pay you for our share of the cost. If you get a bill for the services, you may send the bill to AmeriHealth Medicare PPO for payment. We will pay the non-contracted provider for our share of the bill and will let you know what, if anything, you must pay. You won’t have to pay a non-contracted provider any more than what the non-contracted provider would have received from you if you had been covered under the Original Medicare plan.

What is the process for obtaining emergency services?

You may get covered emergency medical care whenever you need it, anywhere in the world. If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable and the medical emergency is over. After the emergency is over, you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by our plan. If you get your follow-up care from out-of-network providers, you will pay the higher out-of-network cost-sharing.

Sometimes it can be hard to know if you are having a medical emergency. For example, you might go in for emergency care — thinking that your health is in serious danger — and the doctor may say that it wasn't a medical emergency after all. If it turns out that it was not an emergency, as long as you reasonably thought your health was in serious danger, we will cover your care.

“Urgently needed care” is a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed care may be furnished by in-network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible. For example, you could be experiencing an unforeseen flare-up of a known condition that you have.

When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed care that you get from any provider at the in-network cost-sharing amount. Our plan also covers urgently needed care outside of the United States and its territories at the same cost-share as emergency care. Call the plan for details if traveling outside the United States. Please note that non-urgently needed care is not covered outside the United States. You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis or other services to receive the in-network benefit level. If you obtain routine care from out-of-network providers, your share of the costs for your covered services may be higher and Medicare will not be responsible for the costs.

What is the service area for AmeriHealth Medicare PPO?

Our service area includes the following New Jersey counties: Atlantic, Burlington, Camden, Gloucester, Mercer, Middlesex, and Ocean.

How do you find AmeriHealth Medicare PPO providers that service your area?

This directory contains a list of PCPs, specialists, and pharmacies in the AmeriHealth Medicare PPO network in alphabetical order by county and then by city. You should use the Table of Contents to locate the type of provider you are looking for. Please call the provider's office to see if the provider is accepting new patients. Be sure to ask the provider if they participate in the AmeriHealth Medicare PPO plan.

If you have questions about AmeriHealth Medicare PPO, please call our Member Help Team at **1-866-569-5190**, seven days a week, 8 a.m. to 8 p.m. Please note that on weekends and holidays from April 1 through September 30, your call may be sent to voicemail. TTY/TDD users should call **711**. You can also visit **amerihealthmedicare.com**.

How do you find a pharmacy?

This directory also provides a list of AmeriHealth Medicare PPO's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and AmeriHealth Medicare PPO's formulary.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under AmeriHealth Medicare PPO only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription, but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

Original Medicare

Original Medicare is offered by the government, and is not a private health plan like Medicare Advantage plans and prescription drug plans. Under Original Medicare, Medicare services are covered by paying doctors, hospitals, and other health care providers payment amounts established by Congress. You can see any doctor, hospital, or other health care provider that accepts Medicare. You must pay the deductible. Medicare pays its share of the Medicare-approved amount, and you pay your share. Original Medicare has two parts: Part A (Hospital Insurance) and Part B (Medical Insurance) and is available everywhere in the United States.

Emergency

A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

Emergency care

Covered services that are:

1. Rendered by a provider qualified to furnish emergency services
2. Needed to treat, evaluate, or stabilize an emergency medical condition

Urgently needed services

Urgently needed services are care provided to treat a non-emergency, unforeseen medical illness, injury, or condition that requires immediate medical care. Urgently needed services may be furnished by network providers or by out-of-network providers when network providers are temporarily unavailable or inaccessible.

Out-of-network provider

A provider or facility with which we have not arranged to coordinate or provide covered services to members of our plan. Out-of-network providers are not employed, owned, or operated by our plan or are not under contract to deliver covered services to you.

Service area

A geographic area where a health plan accepts members if it limits membership based on where people live. The plan may disenroll you if you permanently move out of the plan's service area.

Member Help Team

A department within our plan responsible for answering questions about health plan coverage including, but not limited to, enrollment, billing, benefits, and claims. Please review the first page of this document, the back of your member ID card, or see Chapter 2 in the *Evidence of Coverage* for information about how to contact the Member Help Team.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed.

This list is current as of **May 2024**. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost sharing. We have marked these pharmacies with a "**P**" to distinguish them from other pharmacies in our network that offer standard cost sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this *Provider/Pharmacy Directory*.

We also list providers and pharmacies that are in our network but are outside our service area, the area in which you live. You may also fill your prescriptions at these pharmacies. For more information, please see the section in this directory on Network Pharmacies Outside the Service Area.

Where do you go if you have questions?

If you have questions about any of the above, please call our Member Help Team at **1-866-569-5190**; TTY/TDD users should call **711**. You can also visit **amerihealthmedicare.com**.

A PCMH is intended to provide more personalized, coordinated, effective, and efficient care. This directory identifies the primary care practices in the AmeriHealth Medicare PPO network that are recognized by NCQA as a PCMH. You may visit the NCQA website at **ncqa.org** to learn more about these recognition programs. PCMH practices are identified by an asterisk next to their office address as Patient-Centered Medical Home accreditation.

Patient-Centered Medical Home recognition is subject to change. To access the updated online *Provider/Pharmacy Directory*, you can visit **amerihealthmedicare.com**. You may also call the Member Help Team for updated provider information.
